

Platan IP-T200

Digital proprietary IP phone

Platan IP-T200

Platan IP-T200 digital proprietary IP phone is an elegant and comfortable phone for daily office communication. One VoIP account permits to profit from cheap Internet calls, and excellent quality of voice connections and intuitive use make this model an indispensable phone in every office.

- *Elegant design*
- *Comfort of use*
- *Legible, backlit display*
- *Local and global phonebooks*
- *Automatic configuration (auto provision)*
- *1 SIP account*
- *Power over Ethernet (PoE)*
- *Wall mountable*

Intuitive use

Legible display, programmable keys, phone's intuitive menu distinguish this model from competitive products. The access to the frequently used features and friendly multi-language menu and interface (Polish, English, Russian) make the use of the phone easy and comfortable.

Easy settings

The Platan IP-T200 phone settings can be changed by phone or web interface. The configuration can be sent to the phone automatically from the PBX server – thanks to the auto provision feature.

Quick contact

The phonebooks are very useful to identify callers and to establish connections quickly. In the Platan IP-T200 phone the local phonebook, remote global one and the phonebook from LDAP server are available. Unwanted or malicious callers can be blacklisted.

Excellent voice quality

The phone ensures the HD quality of sound transmission for handset, speakerphone and ringtones. HD audio requires the support of G.722 codec by the PBX system.
